

PUBLIC CONSULTATION

Bramham House site

Bramham House Ltd would like your views over fresh proposals for approximately 50 new homes and apartments at the Bramham House site, accessed from Freely Lane and adjacent to Bowcliffe Road in Bramham.

The new and redesigned plans would deliver a range of **family homes**, **first time properties** and **homes aimed at over 55's**.

A fresh approach and design has taken place following the previous planning approval to provide a sympathetic development. The new plans offer a more **sustainable housing mix** to respond to local needs, and includes areas identified for **public amenity and open space**, all within a landscaped setting.

We are holding a public consultation session to find out more about the plans on:

Public drop-in

**29th March from 3-7pm at the Bramham Pavilion,
Freely Lane, Bramham**
